COVID 19 – Implications for Business

Setting the right platform to showcase ideas and equipment for hospitality in the new normal.

The **COVID-19** Pandemic has made people realize the importance of travelling.

The whole world is waiting to open up and host their global families. Hope your businesses are ready to cater to their demands too.

Message from the Chairman

Anand Kishor

Greetings, friends from our expo industry. My hats go off to your perseverance and resilient spirit exhibited in the face of **COVID-19**. It's been a pleasure to have you stand by us, host us when we needed a vacation, or treat us when we craved some of the delicacies during the locked-down months.

I also want to thank the hospitality suppliers who have flourished despite the tough times in which the world was suffering.

Fortunately, the economy today has opened up and everyone will be able to thrive in the Covid times. We will be back from February **1-5, 2022** to host the "**World Hospitality Expo**".

Let us join together to help the hospitality ecosystem thrive.

FAQs

Customization of the virtual booth?

Virtual Booths can be modified, and sponsors can be given options from a variety of templates. Sponsors can use the platform to build their own designs and submit them to us in the appropriate sizes. The setting will be created by us.

What is the minimum number of team members required?

Each sponsor should expect 4 to 5 members to run the booth from the backend, 3 to 4 Booth reps to interact with attendees, and 1 member for a speaker session (if any).

What does the person in charge of the virtual booth's job entail?

At the same time, the booth personnel will be interacting with a variety of guests. The virtual booth has chat, audio, and video calling capabilities.

How will marketing be carried out?

Email marketing, SMS, internet ads, social media promotion, & trade magazine publishing will all be used to promote the virtual expo.

How will the webinar be presented by the speakers?

Is it necessary for them to be physically present?

Speakers allows speakers to do webinars from their computers or workstations. They'll need a good internet connection & a quiet setting.

Do the attendees have to download webinar software?

Is it mobile compatible?

There is no need to download any software; you can join by clicking on a link that will be emailed to you when you register. Furthermore, the virtual platform is mobile-friendly, allowing participants to participate from any device. For the greatest experience, use the most recent version of Chrome. Other browsers, such as Mozilla & Opera, are also available. Unfortunately, Internet Explorer does not have a lot of features. On Mac, Microsoft Internet Explorer, Microsoft Edge, and Safari are not recommended.

What tools will you have to communicate with virtual visitors?

For live engagement with guests, we offer features such as chat, audio, and video calls. There will also be interactive branding, brochures, and films to assist exhibitors in connecting and collaborating with visitors.
